Inaugural Address

Delivered by the Mayor, Hon. Eli J. King

To the Honorable City Council of Berlin:

It is my pleasant duty to address you for the second term relative to the business affairs of our city.

The citizens of Berlin have seen fit this year to make some changes in this body. To the new members I extend a welcome, and ask you to take up your share of the burdens with the older members; to the members who served last year, I ask for the same consideration and support given me last year, and I sincerely hope that our relations will continue as pleasant and co-operative.

Obeying the mandate of the citizens who willed a political change in the affairs of the city, I have made some changes in the city appointments; this does not reflect in any way on the work of those who failed of reappointment. It is simply carrying out the system of the political will of the people, incident to our form of city government.

Finances

The financial affairs of the country are somewhat unsettled, material and labor are high, but this is no reason why our city should not progress even under such adverse conditions. Financiers and thinking men all over the country fail to see how present conditions are likely to change within the next three or four years. No one is curtailing work on account of these conditions, but on the contrary are planning to go ahead with the usual pre-war vigor. I am of the opinion that the city of Berlin should follow the course of events.

If we are to do all the work that is needed and should be done this year, we will have to raise a bond issue of at least one hundred and twenty-five thousand dollars. This should be done at once if the bond market is normal and settled.

You will readily see that on account of these conditions it is useless for us to try to reduce the tax rate this year; there will no doubt be a slight increase.

Department of Public Works

The Department of Public Works does necessarily demand the expenditure of large sums of money every year. The coming year will be no exception. I favor completing the extension of Pleasant Street to Exchange this coming year. I believe that the benefits that will accrue to our city by building this extension will greatly offset the necessary expenses.

We are greatly in need of new sewers in every part of the city and especially in that part of Ward Four known as Forbush Park. The people in that community are entitled to sewers and ought to have them this year.

I favor building a permanent piece of road beginning at First Street and running as far as the Murray place on the Milan road.

Also a macadamized road beginning at First Avenue, running over Second Avenue as far as Willard Street. This will complete the loop in that section.

I recommend that School Street, beginning at Church Street, running down Third Street to Main Street, be completed this year. This ought to have been done last year, but on account of conditions we were unable to do it.

The first work we ought to do this year is to complete Glen Avenue as far as the Cascades.

Last year we were unable to start work on our federal aid road, or the West Milan road, so called. There will be available this year for this work six thousand dollars from the federal funds and six thousand dollars from the state funds, and we will have to appropriate six thousand dollars from the city funds, making a total of eighteen thousand dollars to be expended on that road this year. I favor beginning our work at the incinerator plant, and going as far this year as the money will last.

Some progress was made on our sidewalks last year, but a great many more are needed, especially in Ward Four.

Public Schools

Our public schools are doing very good work indeed and we ought to be very proud of them. They are up to the standard and are considered among the best schools in New Hampshire,

and it should be our aim and desire to keep them up to this standard. Increased pay for teachers is being agitated all over the country, and Berlin will have to keep pace with the increased pay granted to these teachers. In order to employ the best we will have to increase our appropriations to meet this situation.

Fire Department

Last year I suggested that this department was in need of better discipline in order to bring it up to the standard. I am sorry to state that nothing was done to remedy the obvious defects and that this department showed no improvement. In order to bring about this very necessary betterment in this department, I have made changes in the appointment of the chief and assistant chief. I sincerely hope that with the installation of this new blood in the department, that marked improvement will be shown during the coming year.

We already have the appropriation for a combination chemical and hose auto truck. I recommended that the committee immediately purchase this apparatus.

Public Parks and Play Grounds

Last year a bond issue was floated for the purposes of this department amounting to twenty-five thousand dollars. A very small part of this amount was expended by the Park Commissioners, and I hope that this department will realize the necessity of doing something substantial this year.

Conclusion

The citizens of Berlin by their vote have delegated to us the management of the affairs of this city. They have shown confidence in us by electing us as their servants, and we must do everything in our power to deserve that confidence. Having in mind the responsibility conferred upon us, let us enter into the coming year's work with a full sense of that responsibility and endeavor to meet the approval of the citizens of this municipality.

Respectfully submitted,

ELI J. KING, Mayor.

March 29, 1920.

Orders

In the Year of Our Lord One Thousand Nine Hundred and Twenty.

An order to Alfred Sloane, Fire Chief.

Ordered, by vote of the City Council taken April 13th, 1920, that the regular men of the Fire Department should receive an increase of \$4.00 per week. Also that the upper part of the Fire Station should be painted and the Chief's room refurnished.

Department Reports

Report of City Engineer

January 18th, 1921.

To His Honor, the Mayor, and City Council of the City of Berlin:
Gentlemen:

I hereby submit my report as City Engineer for the year ending January 31, 1921, which is as follows: I wish to mention just a few of the jobs handled by this department during the past year. Lines and grades were given for the Bituminous Macadam paving on the following streets: Main Street at Berlin Mills, Glen Avenue, Exchange Street and Green Square, Mason Street East Side, Second Avenue and the Grand Trunk Plaza. The paving was done by contract and is of a hard surface material that will last many years. Lines and grades were given for the following water bound macadam streets: Willard Street, Madison Avenue and Emery Street. Assistance was given the State Division Engineer on the State Road under construction between the Cascades and Berlin, also a survey was made to extend this road to connect with the paving at the Glen Crossing.

The Public Works Department built about 2,000 feet of concrete curb, and about the same amount of concrete sidewalk was built by contract; all lines and grades and superintendence was handled by this department. The larger sewer jobs were Bridge and Hutchins Streets on which 1,500 feet of tile pipe was laid ranging from 6-inch to 15-inch. On the Brown School lot 270 feet of 24-inch tile pipe was laid to handle the overflow of the brook which flows on this property. In all about 4,200 feet of tile pipe was laid on numerous small jobs throughout the city.

Plans and specifications for a fireproof stable for the Public Works Department were made in this office. The stable is under construction at the present time and will be completed in the near future. Plans for a garage and wagon shed for the Public Works Department and a fire station at Berlin Mills are being made at the present time.

A plan for the proposed extension of Pleasant Street to Exchange Street has been made, also an estimate of the cost of same.

A survey was made for the Park Department on the East Side near the Boston & Maine station. Lines and grades were also given on the park construction at the Grand Trunk station.

Some time has been spent with the line foremen of the Coos Telephone Company and the Twin State Gas and Electric Company in view of improving the appearance of our streets by removing or replacing the old poles.

I have been able to acquire a few valuable plans during the past year. Some of these were copied from the original drawings in Lancaster and others from old plans found here in the city. These plans are on file at the Engineer's office, City Hall.

In closing I wish to call your attention to the condition of the paint on all the steel bridges in the city. In most cases the paint is in very bad condition and I would like to suggest that an appropriation be made to cover the expense of painting all the steel bridges in the city.

Respectfully submitted,

FRANCIS L. BRANNEN,

City Engineer.

Report of Police Commission

To His Excellency, the Governor of the State of New Hampshire,
and to His Honor, the Mayor, and to the Honorable Council
of the City of Berlin:

In accordance with Chapter 160 of the Session Laws of 1905,

Offensive language	1
Surety of peace	4
Telling fortunes	1
Violating liquor law	45
Violating school law	2
Violating auto law	16
Violating labor contract	7

Incidental Services

Sent to Jail	7
Sent to House of Correction.....	4
Sent to Industrial School.....	4
Delivered to out of town officers.....	8
Taken to St. Louis Hospital.....	10
Whole number of persons furnished lodging.....	143
Complaints investigated without arrest.....	218
Amount of property reported lost or stolen.....	\$4,420.08
Amount of property recovered by police.....	\$3,950.87

Lost children returned to parents.....	15
Doors found not secured.....	25

Respectfully submitted,

MALCOLM SHOREY,

City Marshal,

Berlin, N. H.

Municipal Court

Amount received Jan. 1, 1920, to Jan. 31, 1921..... \$5,729.86

Amount paid, fines to State and County, local warrants,

fees, etc. 2,734.23

Amount paid City Treasurer..... 2,995.63

Respectfully submitted,

THOS. H. SAMSON,

E. N. WHITCOMB,

RICHARD ROYSTON,

Report of Building Inspector

Berlin, N. H., January 31st, 1921.

To His Honor, the Mayor, and City Council of the City of Berlin,
Gentlemen:

I hereby submit my report as Building Inspector for the year
ending at this date.

I have investigated and reported on the applications for per-
mits which have been granted by the City Council as follows:

The total amount expended for additions and repairs was \$21,700.00.

Brick Buildings

OUTSIDE THE FIRE DISTRICT

Permits were granted as follows:

Berlin Foundry & Machine Co. to build a one-story brick building 60x105 feet on Goebel Street.

J. E. Byron to build a one-story brick building 22x47 feet on Willard Street for F. B. Oleson.

J. E. Byron to build a 1½-story brick building 32x52 feet on Wight Street for the City of Berlin.

C. N. Hodgdon to build three silo coal pockets 18 feet 6 inches diameter 40 feet high. These pockets are built of reinforced concrete and are built on the west side of the Grand Trunk Railway off Gilbert Street.

The total cost of brick and concrete buildings built outside of the Fire District was \$49,500.00.

Grand total of all the new buildings and additions and repairs in the City of Berlin was \$153,100.00.

This does not include the new work done by the corporations, that is, the Brown Company and the International Paper Company.

I wish to thank the Mayor and Council and the members of the City Government for the aid and courtesies extended to me during the year of my official duties.

Respectfully submitted,

ALFRED LAUZIÈRE,

Building Inspector.

Department of City Poor

To His Honor the Mayor and City Council.

Gentlemen:

I herewith submit my report as Overseer of City Poor for the year ending and call to your attention the fact that there is unexpended a balance of \$1,065.40.

Conditions about the city remain about the same as a year ago, and while the year closing sees the end of one or two quite expensive cases for the city, there are always enough new ones in sight to replace them; so that I do not see how this department can be cut in the appropriation for 1921, and would therefore recommend the same amount, \$2,000.00. This is a very modest expenditure for city poor for a city the size of ours. There has never been a case brought to my notice that has not been investigated by me personally, and so far as I can see, the poor of the city are in far better condition than formerly. Wages are good, and there seems to be employment for all. Mayor King has shown a keen interest in every case brought to his attention, and I have had occasion to consult him often.

I desire to thank all city officials who have assisted me in the discharge of the duties of this office.

Respectfully submitted,

A. B. FORBUSH,
Overseer Poor.

January 25th, 1921.

ANNUAL REPORT
OF THE
PUBLIC WORKS DEPARTMENT
OF THE
CITY OF BERLIN, N. H.
FOR THE YEAR ENDING
JANUARY 31, 1921

OZMAN W. FERNALD, Superintendent

Public Works Department

January 31, 1921.

To His Honor, the Mayor, and City Council of the City of Berlin.
Gentlemen:

The following is the report of the Public Works Department for the year ending January 31, 1921.

In submitting to you this report I shall not give you the different jobs and cost of same in detail as we have done in the past, but will state very briefly some of the larger expenditures in this department.

The expense of running this department during the past year has been much greater than in previous years. Early in the season our laborers were given a twenty per cent raise in pay. The cost of construction materials has increased from twenty to fifty per cent. Good labor was very scarce and materials hard to obtain when needed.

Regardless of the difficulties encountered by the high cost of labor and shortage of same and high prices of materials, more permanent work has been done by this department during the past year than any other year since Berlin became a city. It was necessary to do a large amount of this permanent work because of the many worn-out waterbound macadam streets in the compact part of the city. Owing to the heavy cost of this permanent work a great many of the smaller jobs in the outskirts of our city had to be neglected, but it is the intention of this department to give these jobs immediate attention in the spring.

This department laid 13,389.9 square yards bituminous concrete on the following streets:

Grand Trunk Plaza and Exchange Street.
Madison Avenue.
Second Avenue.
Main Street (Berlin Mills).

East Mason Street.

Glen Avenue and Green Square.

Main, Mechanic and Green Streets.

The cement sidewalks laid during 1919 in the residential part of our city have proven very satisfactory and we have continued this work this year by laying 3,101.26 square yards. We recommend that more cement sidewalks and less tar walks be laid in the future.

During the past year 2,000 feet of cement sidewalk curbing has been constructed.

Two important jobs which have met with many difficulties since started in 1916 were completed this year, namely, the piece of State Road leading towards Gorham, N. H., and the moving over of the Berlin Street Railway tracks from Cross' machine shop to the Glen Crossing.

Now that the Berlin Street Railway tracks have been set over the piece of road from the car barn to the Glen Crossing should be finished as soon as the weather permits in the spring. When completed this will make a much safer and better approach to our city over the State Highway from the south.

The largest account in this department is our Street Maintenance. It includes the repairs and maintenance of all our city streets, sweeping and cleaning of same, removing snow and sanding sidewalks, cleaning our catch basins and taking care of the surface water, painting and repairing fences, guard rails and bridges. Cost of same this year was \$29,143.17, an increase over last year of nearly \$10,000.

The next largest account is our Road Maintenance. Cost of same \$5,001.32. This includes all the repairs and maintenance of our roads outside the compact section of our city.

Our Sewer Maintenance during the past year cost \$4,798.95. This is more than double the amount expended for sewer maintenance last year. Owing to the severe cold weather of last winter many of our sewers were frozen and broken up and had to be relaid.

The collection of garbage and burning of same at our incinerator plant cost this department this year \$8,920.88. This is practically double the cost of last year, mostly owing to the fact that our city is growing rapidly and we are collecting a much larger amount of garbage every year.

The collection of ashes cost the city this year \$1,949.39. Although we find this quite an additional expense to this department, it has proven very satisfactory in keeping our city clean, and we think it has met with the approval of our taxpayers.

Our patching account cost \$1,958.93. This includes the patching of Main Street and old waterbound macadam roads which needed attention.

Following is a list of all new sewers constructed this year at a cost of \$9,253.85, being an increase of \$4,300 over last year:

Name	N. Feet Pipe
Hinchey Sewer	270 ft. 15-in., one manhole.
First Ave.	276 ft. 15-in., 3 pes. 10 ft. 16-in. iron pipe.
Park St.	110 ft. 15-in.
Brown School Culvert..	256 ft. 24-in.
Willard St.	8 ft. 6-in., 64 ft. 8-in., 100 ft. 10-in, 6 ft. 18-in., four manholes.
Berlin Mills (Narrows).	5 pes. 10 ft. 16-in. iron pipe.
Hutchins St. (South)...	100 fet. 6-in.
Bridge & Hutchins Sts.	574 ft. 6-in., 573 ft. 8-in., 58 ft. 10-in, 94 ft. 12-in., 309 ft. 15-in.
Sweden St.	104 ft. 6-in.
Merrimac St.	238 ft. 6-in.
Grafton St. Extension..	190 ft. 6-in.
Italian and Coos Sts...	102 ft. 8-in., 86 ft. 6-in.
Shepard St.	134 ft. 6-in.
Denmark St.	12 ft. 12-in. galvanized pipe, 104 ft. 6-in.
Seventh St.	25 ft. 6-in., one manhole.
Labossier St.	54 ft. 4-in.
Sullivan St. Extension..	56 ft. 6-in.

The city's proportional part of our State Road Construction, State Road Maintenance and State Aid Maintenance was \$7,304.31. An equal amount was expended by the State.

The West Milan road was started this year and about one mile was completed; this job was let out to a contractor by the State. It was a Federal Aid project and the expense was met by Federal Aid, State Aid and the City of Berlin.

Public Works Inventory

One steam road roller.....	\$3,300.00
One concrete mixer and boiler.....	900.00
One road machine	200.00

One road machine	155.00
One stone crusher, engine and boiler.....	1,350.00
One stone crusher with bins complete.....	2,500.00
Nine sidewalk plows.....	578.00
One gutter plow.....	75.00
One electric drilling outfit complete.....	1,400.00
Three street sprinklers.....	1,000.00
One hand concrete mixer.....	50.00
One machine street sweeper.....	290.00
Seven sanitary street carts.....	100.00
Four storehouse buildings.....	1,600.00
One storehouse	1,200.00
One garbage wagon.....	250.00
Two garbage sleds.....	150.00
One thawing machine.....	60.00
Two road drags.....	50.00
One blacksmith outfit.....	600.00
One hand pump.....	45.00
One blasting battery.....	30.00
One steam drill.....	50.00
One extra crusher screen.....	90.00
Three bottom dump wagons.....	375.00
One four-horse wagon.....	150.00
One four-wheel dump cart.....	100.00
Two contractor's carts and harnesses.....	300.00
Three hundred feet fire hose.....	130.00
One 20 H. P. motor.....	225.00
One 30 H. P. motor.....	350.00
One 20 H. P. starter.....	125.00
Office equipment	700.00
Five express sleds.....	250.00
One double sled.....	50.00
One set double sleds.....	100.00
Two snow bodies.....	20.00
Miscellaneous small tools and material.....	1,500.00
Sewer pipe	683.80
One International motor truck.....	1,000.00
One Mack motor truck.....	3,933.32
One White truck.....	4,500.00
One Ford truck.....	300.00
One Austin pressure road oiling attachment.....	300.00
Seven horses	1,550.00

Two pairs work harness.....	120.00
Three express harnesses.....	130.00
Blankets, halters and stable equipment.....	100.00
Two jackhammers and drills.....	270.00
Cement on hand.....	338.75
20 barrels Tarvia X.....	200.00
580 yards peastone and dust.....	1,740.00
200 yards rock ready for crusher.....	400.00
Four cords blasting wood.....	48.00
Two Tarvia tanks, foundation and piping for same.....	2,406.59
One snow roller.....	225.00
One steam scarifier.....	950.00
Iron manholes and grates.....	159.00
Auto crusher and steam oil.....	161.00
Hay and grain.....	75.00
One tar heating kettle.....	150.00
Galvanized pipe (culvert).....	146.42

In making out our report we have tried to condense it as much as possible; anyone wishing details in regard to the cost of the different jobs will be gladly shown the books kept by this department.

If the permanent work is to be continued from year to year in this department, and the many demands of our taxpayers in our outlying districts are to be complied with, this department must have a substantial increase in their appropriation in the future.

In closing I wish to express my thanks to the Mayor, City Council, Public Works Committee and the City Engineer for the many courtesies shown me in the performance of my duties.

Respectfully submitted,

O. W. FERNALD,

Commissioner Public Works.

Report of the City Solicitor

Berlin, N. H., January 11, 1921.

To His Honor, the Mayor, and City Council of the City of Berlin.
Gentlemen:

Following is my report as City Solicitor for the year ending January 1, 1921, and during the past fiscal year:

The case of Joseph O. A. Devost vs. the City of Berlin has been finally determined in favor of the city by an opinion rendered by the Supreme Court of New Hampshire. I took no part whatever in this case as the case had been brought and briefs filed before I took office. Due credit should be given to Edmund Sullivan and the late Herbert I. Goss, both of Berlin, who finally brought this case to a successful determination.

The case of Michaud vs. the City of Berlin was tried at the December term 1920, and resulted in a verdict for the city. The case of City Bowling Alleys against the City of Berlin, tried in our Superior Court last April and which resulted in a verdict for the city, was not transferred to the Supreme Court as anticipated and is now finally determined in favor of the city.

The following cases are now pending against the city in our Superior Court: City Bowling Alleys vs. the City of Berlin, Anthony Oeschger vs. the City of Berlin, Z. Zolopsky vs. the City of Berlin, Salvator Morando vs. the City of Berlin.

Respectfully submitted,

O. J. COULOMBE,

City Solicitor.

Fire Department

Berlin, N. H., Jan. 31, 1921.

To His Honor, the Mayor, and the City Council of the City of
Berlin.

Gentlemen:

I have the honor of submitting the annual report of the Fire Department of the City of Berlin for the year ending January 31st, 1921. The department responded to thirty-nine bell alarms, and ninety still alarms, in addition eight fires have occurred for which no alarms were given. Also one out of town call, Groveton, N. H., making a total of one hundred and twenty-seven. This report will be found to contain statements in detail embracing a record of all fires and alarms which have occurred when damage was claimed and the cause thereof as nearly as could be ascertained, with the names of the owners, occupants, and the value, loss, and insurance recovered in each case.

Alarms

January 28. Box 42. 6:45 a. m. House owned by W. Tarley. Value \$3,000. Insurance upon \$2,000. Damage \$20. Insurance paid \$20. Caused by over-heated stove.

February 2. Still call, followed by Box 23. 8:30 a. m. Residence of James Feeney. Value of house \$4,000. Insurance on \$2,000. Damage \$248. Insurance paid \$248. Contents valued at \$700. Insurance on \$700. Damage \$26.25. Insurance paid \$26.25. Caused by thawing out pipes with blow torch.

February 2. Still call. 1:25 p. m. Block owned by P. J. Pickford. Value of \$7,000. Insurance on \$5,000. Damage \$350. Insurance paid \$350. Value of contents \$8,000. Insurance on \$8,000. Damage \$1,153.25. Insurance paid \$1,153.25. Cause over-heated stove.

February 5. Box 51. 2:30 p. m. House owned by Mrs. F. Lord. Value \$2,000. Insurance on \$1,500. Damage \$432.85. Insurance paid \$432.85. Cause over-heated chimney.

April 19. Still call. 11:55 a. m. House owned by M. Addleson. Value \$2,000. Insurance on \$1,300. Damage \$20. Insurance paid \$20. Caused by sparks from engine.

May 7. Still call. 8:20 a. m. House owned by F. Bisson. Value \$2,000. Insurance on \$1,500. Damage none. Value of contents \$400. Insurance on \$400. Damage \$5.50. Insurance paid \$5.50. Cause defective chimney.

May 7. Still call. 12:30 a. m. House owned by J. McGinnis. Value \$2,400. Insurance on \$1,300. Damage \$17.80. Insurance paid \$17.80. Cause defective chimney.

May 18. Still call, followed by Box 45. 5:10 p. m. House owned by H. E. Miles. Value \$3,500. Insurance on \$2,500. Damage \$60. Insurance paid \$60. Caused by spark from Grand Trunk engine.

May 26. Box 112. 6:50 p. m. Warehouse owned by Brown Co. Value building and contents \$20,000. Damage \$10,000. Insurance paid \$10,000. Caused by spark from railroad engine.

May 20. No alarm given. Residence of Helen Wiseman. Value of contents \$1,500. Insurance on \$1,000. Damage \$18. Insurance paid \$18. Cause unknown.

January 15. No alarm given. Residence of E. A. Bean. Value \$5,000. Insurance on \$4,000. Damage \$25. Insurance paid \$25. Cause unknown.

February 12. No alarm given. Block owned by H. Gosselin and E. O. Gilbert. Value \$2,000. Insurance on \$700. Damage \$139.75. Insurance paid \$139.75. Cause unknown.

July 6. Box 31. 3:45 a. m. Block owned by F. Bisbee. Value \$4,000. Insurance on \$2,500. Damage \$2,500. Insurance paid \$2,500. Cause unknown.

July 6. Box 31. 3:45 a. m. Block owned by Dr. Pulsifer. Value \$20,000. Insurance on \$15,000. Damage \$105. Insurance paid \$105. Caused from Bisbee block.

July 6. Box 31. 3:45 a. m. Block owned by L. Lemieux. Value \$4,000. Insurance on \$2,500. Damage \$404.50. Insurance paid \$404.50. Caused from Bisbee block.

July 10. Box 312. 3:25 a. m. Mill owned by International Paper Co. Value of \$50,000. Damage \$3,000. Insurance paid \$3,000. Caused by over-heated oil box.

Aug. 2. No alarm given. Block owned by G. A. St. Germain. Value \$45,000. Insurance on \$18,000. Damage \$25. Insurance paid \$25. Cause unknown.

August 4. Box 221. 9:40 p. m. Blacksmith shop owned by Brown Co. Value of building \$3,000. Damage \$4,000. Insurance paid on building and contents \$4,000. Caused by spark from forge.

August 7. No alarm given. Residence of G. Harkins. Value \$4,000. Insurance \$3,000. Damage \$75. Insurance paid \$75. Caused by lightning.

August 30. Box 31. 4:00 p. m. Block owned by J. Stienfield. Value \$15,000. Insurance on \$4,750. Damage \$114.75. Insurance paid \$114.75. Occupied by D. Gallant. Insurance on contents \$500. Damage \$75. Caused by oil stove explosion.

September 1. Still call. 1:35 p. m. Residence of E. A. Jordan. Value \$2,000. Insurance on \$1,200. Damage \$24.25. Insurance paid \$24.25. Cause dirty chimney.

September 24. Still call, followed by Box 61. 2:30 p. m. House owned by R. Richer. Damage \$1,000. Contents \$500. No insurance given. Cause defective wiring.

October 9. Still call. 6:40 p. m. Residence of J. Berwick. Value \$2,500. Insurance on \$1,500. Damage \$7.50. Insurance paid \$7.50. Caused by short circuit in wiring.

October 11. No alarm given. Residence of E. McMacey. Value of \$7,000. Insurance on \$5,000. Damage \$17.50. Insurance paid \$17.50. Cause overheated electric flat iron.

October 23. Still call. 8:30 a. m. Residence of E. Pierce. Value \$5,000. Insurance on \$3,500. Damage \$17. Insurance paid \$17. Caused by spark from chimney.

October 30. Box 42. 11:55 a. m. Tenement owned by H. Davis. Value \$4,000. Insurance on \$3,000. Damage \$64.41. Insurance paid \$64.41. Caused by defective chimney.

November 3. Still call. 10:00 p. m. Residence D. Aikens. Value \$2,500. Insurance on \$1,000. Damage \$50. Insurance paid \$50. Cause dirty chimney.

November 8. Still call. 11:55 p. m. Auto owned by J. Barribeau. Value \$1,300. Insurance on \$1,000. Damage \$650. Insurance paid \$650. Cause unknown.

November 10. No alarm given. Residence of J. E. Croteau. Value \$6,000. Insurance on \$4,500. Damage \$50. Insurance paid \$50. Caused by bursting of hot water front in stove.

November 19. Still call, followed by Box 31. Block owned by E. H. Lyford. Value \$10,000. Insurance on \$8,000. Damage \$954. Insurance paid \$954. Contents valued at \$11,650. Insurance on \$10,000. Damage \$2,949.96. Cause unknown.

November 26. Still call, followed by Box 24. Residence owned by A. Anctil. Value \$4,000. Insurance on \$2,100. Damage \$11.96. Contents valued at \$1,000. Insurance on \$800. Damage \$75. Insurance paid \$75. T. Roberge, household goods valued at \$500. Insurance on \$300. Damage \$156.50. Insurance paid \$156.50. X. Langois. Value of goods \$1,200. Insurance on \$800. Damage \$329.63. Insurance paid \$329.63. Total insurance paid for this fire \$1,600.63.

December 21. Box 15. 2:15 a. m. Building owned by Albert Bean. Value \$200. Insurance on \$200. Insurance paid. Occupied by W. A. Pickford. Insurance on contents \$2,000. Insurance paid.

In closing I wish to express my thanks to the Mayor, City Council, Fire Committee and other City Government officials for the many courtesies extended me in the performance of my duties.

Respectfully submitted,

A. H. SLOANE,

Chief Engineer.

Assessor's Report

Berlin, N. H., January 31, 1921.

To His Honor, the Mayor, and the City Council of the City of
Berlin:

Gentlemen:

We herewith submit our report for the year ending January 31, 1921, for the twenty-fourth annual report of the City of Berlin.

The inventory of the taxable property in the City of Berlin shows an increase of \$719,265 over last year.

We had the same difficulties last year that we have had in years past to get the citizens to return their inventories according to law, and we feel that the same is due wholly by the people not appreciating the assistance that it would be, not only to the Assessors but to themselves, to have the inventories returned promptly, property specifically mentioned and located, and by so doing there would be less double taxation and mixup in property the same as has been recently found in adjusting old taxes, which had been sold to the city. We feel it a duty not only to ourselves, but to the taxpayers of Berlin to insist upon having the inventories of taxable property returned according to law.

The Tax Assessors are installing a card system for their office, which will be a great help to the Assessors and the citizens, as there will be a card for every piece of property in town, which will show the owner, the location and his address. There will be a street and alphabetical index, and once installed should be kept up to date.

We desire to express our appreciation for the information and help given us in discharging our duties, and to those who so promptly returned the inventory blanks showing their taxable property we wish to thank, and to those that did not return their inventory blanks we would thank them to do so the coming year, and thereby aid us in getting the property properly listed.

We found the following taxable property:

Lands and buildings.....	\$ 6,167,189
Horses	70,885
Cows	24,290
Other neat stock.....	375
Sheep	230
Hogs	520
Vehicles	11,100
Stock in national banks in the State.....	45,815
Money on hand, at interest, or on deposit.....	57,460
Stock in trade.....	2,683,225
Mills and machinery.....	5,413,000
<hr/>	
Total.....	\$14,474,089

Respectfully submitted,

W. A. HODGDON,

J. H. WOODWARD,

ALFRED LAUZIÈRE,

Assessors.

THIRTY-SIXTH ANNUAL REPORT
OF THE
BOARD OF EDUCATION
OF THE
CITY OF BERLIN, N. H.
FOR THE YEAR ENDING
JANUARY 31, 1921

OFFICE, CITY HALL

Board of Education

Elected by the City Council.

John H. Houlihan, Chairman.....	184 Emery Street
Term expires April 4, 1921.

High School Semesters

First Semester September 7 to January 28.

Second Semester January 31 to June 17.

Report of Board of Education

Berlin, N. H., January 31, 1921.

To His Honor, the Mayor, and City Council of Berlin:

We herewith submit to you the thirty-sixth annual report of the Board of Education.

The administration of school affairs the past year like that of other affairs, public and private, has been seriously affected by high costs and popular unrest. Yet we have endeavored to meet all situations as they have arisen and to act as a Board for the best interests of the schools as a whole. We believe our schools are in good condition, meeting the requirements of the city in a remarkably efficient way considering the handicaps under which, in some cases, the work is carried on.

At the beginning of the new year a school physician and school nurse were employed, the latter on full time. Later we were able to add athletics to the High School program. This will be followed soon by music. Three additional teachers also have been employed to reduce the size of some of the larger classes and the salary schedule has been increased by \$300. The grounds at the Bartlett School have been greatly improved through the efforts of the Park Commission. The Burgess School grounds still remain undeveloped.

The school on Cate's Hill was taken over by the Board in September and is now a public school. A vacant building was rented and the necessary repairs made by the city. The building is only for temporary use. Our lease expires in June and another building will be needed. We recommend the erection in the spring of a new one-room building according to the plans already prepared.

Our greatest problem now is that of furnishing more room for the High School. This requirement has been called to your attention in previous reports. A new building is absolutely necessary. We believe the market, labor and the sound financial con-

dition of the city make now the time to undertake this new construction. Without incurring obligation we have asked four prominent school house architects to submit sketches and estimates, which we hope soon to be able to present to you. The best lot for such a building we believe is that on High Street between Pine and State Streets in the rear of the Marston School. We hereby recommend that the Council take immediate action towards the purchase of this property.

The Board gratefully appreciates the generous response the Mayor and Council have always given in their appropriations and we need their continued support the coming year. We have endeavored to conduct the affairs of our department that we might merit their fullest confidence. A detailed budget for the ensuing year will soon be ready to present to the Finance Committee. We refer you further to the report of the Superintendent.

Following is our fiscal report for the year ending January 31, 1921:

Revenue

	1919-1920	1920-1921
City appropriation	\$70,000.00	\$110,000.00

JOHN H. HOULIHAN,

JOHN A. FOGARTY,

L. WINIFRED FOWLER,

Board of Education.

Report of the Superintendent

To the Board of Education:

I herewith submit to you my eighth annual report as superintendent of your public schools.

Attendance

Our actual registration February 1, 1920, was 1,387. Today it is 1,463, an increase of 76, or 5.5%. Thirty-eight pupils are attending the Gorham school at the Cascade. Following is the registration in detail:

Actual Registration February 1, 1921

Grade	I	II	III	IV	V	VI	VII	VIII	IX	X	XI	XII	B'd	Total
High....								127	114	92	60	10		403
Marston.	31	26	26	41			152						276

1920														

High School

The high school has enrolled thus far 427 pupils. Its present actual registration is 403, an increase of 48 or 14% over a year ago. 25% of the senior high school is enrolled in the Latin Department, 55% in the Commercial and 20% in the Mechanic Arts. These departments differ essentially in outlines of study and offer a variety of choice to pupils of varied tastes and purposes.

Each furnishes a four-year high school training centered about the fundamental subjects of its curriculum.

In September, 1921, I estimate there will be a minimum registration of 523 pupils, or 30%, over the present attendance of 403. The platoon system of half-time attendance or the hiring of rooms outside the building must be the organization until a new building can be provided. In either case results will be unsatisfactory and a basis of criticism, and the pupils in attendance as in the past several years will be receiving less at the hands of the city than they rightfully deserve.

The public high school is the people's school. It is open to all and must accept all who seek admission. It has no choice of material save in elementary preparation. Its product is a human product. Its graduates are unfinished, varying in ability, energy and inclination. They have obtained a start in life, but only a start. The mistakes they make cannot all be charged to the school. Moreover, the public high school with its wider aim, its large classes, its five-hour day is not to be compared in opportunity for scholarship with the private preparatory institution with single aim, small classes, tutors, proctors and 24-hour supervision. The one is preparing for life; the other for college entrance. In reality it is remarkable that the college student from the public school should in any degree hold his own with the individually-nurtured product of the private school.

Our own high school is rated well among city high schools of its class. In spite of its handicaps it is doing a type of commercial and mechanic arts work that meets with favorable comment wherever it is known. It is also preparing for college. Pupils with average ability and serious purpose have found no difficulty in preparing for college even in eleven years—and the school is now on a twelve-year basis. But an early decision to enter college is necessary, together with constant application and parental co-operation, without which no school can assure success.

Class Work

In our elementary grades we are following with certain modifications the State Program of Studies for the Elementary Schools. No special methods have been encouraged nor spectacular results sought for. Emphasis has been placed upon sensible teaching and constant drill. In reading, results have been especially encouraging. The following figures give the rating of our grades

as compared with the standards obtained in 25,000 similar tests. Grades V and VI are affected by the number of French-speaking pupils entering those grades from other schools.

GRADE	I	II	III	IV	V	VI
Average number words per minute	107	135	181	182	243	243
Standard 25,000 scores.....	80	95	145	165	180	200
Comprehension score.....	9	15	25	34	30	30
Standard 25,000 scores.....	8	15	22	30	36	40

Medical Inspection

Since September we have had the services of a school physician and a school nurse. All the children in the public schools have been carefully examined, weighed and measured. As usual parents were notified of any defects, with recommendation that immediate attention be given. Following is the result of these notifications for the first half year; the highest percent of attention yet obtained in our schools:

School	Number defects found and reported to parents	Number defects having attention	Percent of defects having attention
Marston	141	75	53
Brown	74	40	54
Burgess	128	90	70
Bartlett	147	77	52
Cole	98	49	50
	<hr/> 588	<hr/> 331	<hr/> 56

Nurse's Report

Following is the nurse's report of her activities for the same period:

To Superintendent of Schools:

I herewith submit my first report as School Nurse in the public schools in Berlin:

The mornings during the months of September, October, November and December were occupied in assisting the School Physician with the examination of pupils. A report was sent to all parents notifying them of defects found. All cases needing a nurse's attention were treated during the afternoons either in school or at home according to treatment required. Dirty teeth

were very much in evidence and weekly inspection shows great improvement, each pupil having provided, or being provided with, a tooth brush and instructed how to use it. Four cases of tuberculosis were found and taken to the clinic conducted by the tuberculosis specialist. One case was taken out of school for two months and is now reported well and able to return to school. Another is reported well and the other two improving. Two cases of blepharitis, both children in poor circumstances, have been assisted by the Junior Red Cross, one having been supplied with glasses and the other receiving daily treatment. All cases of pediculosis are being treated by the nurse and in persistent cases homes are visited and mothers instructed.

Number of visits made from September 1 to February 1:

Cases of Tuberculosis	4	Number of visits.....	20
Cases of Infections	9	Number of visits.....	28
Cases of Impetigo	4	Number of visits.....	9
Cases of Measles	20	Number of visits.....	30
Cases of Itch	3	Number of visits.....	9
Cases of Accident	5	Number of visits.....	32
Cases of Otitis media (chronic). ..	2	Number of visits.....	38
Cases of Dirty Condition	3	Number of visits.....	5

Respectfully submitted,

FRANCES E. FOXALL.

Evening School

The evening school opened Monday, October 4. Only classes in English and citizenship are in force this year. The wonderful opportunity for classes in other subjects formerly conducted is still being neglected. Mrs. Margaret Mahaney continues as director. Following are the teachers and registration:

English I—(Beginners)

Mrs. Katherine Porteus	Mrs. Edna Thompson
Mrs. Mary Wilson	Mrs. Victorine Olivier
Mrs. Clarine Hutchinson	Mrs. Margaret Evans
Miss Pearl Heroux	

English II

Miss Ruth Caird	Mr. Roger Hill
Mrs. Lucy Parker	Mrs. Mary Yandow
Miss Hannah Howell	

English III

Mrs. Phyllis Raeburn

Mrs. Gertrude Greene

English IV

Mr. Thomas Parker

Average nightly attendance Fall Term, 11 weeks, to Decem-

ber 16	130	
Total registration to December 16.....	396	
Under 16 years of age... 3 21-40	196	
16-21	179 Over 40	18

School-Home Gardens

Instruction in gardening and supervision of school-home gardens extends from Grade I to junior high school. Mrs. Shirley W. Teare acted as supervisor for the year. The gardens were unusually successful. Berlin is not an agricultural community, yet some very creditable results were obtained under most unfavorable conditions. The exhibit of vegetables and flowers in September was the best yet held. Prizes to the extent of \$26.75 were awarded for the best gardens and exhibits. The following pupils received the garden prizes:

Grades I-IV

First Prize.....	Howard Feindel
Second Prize.....	Elizabeth Hodgdon
Third Prize.....	Helen Story
Fourth Prize.....	Cameron McLean

Grades V-VII

First Prize.....	Clifford Aikens
Second Prize.....	Leo Witter
Third Prize.....	Lloyd Atwood
Fourth Prize.....	Stanley Tarr

Of 481 gardens planned in the spring 366 materialized. The estimated value of crops raised was \$1,835, making an average of \$5.00 per garden.

Elementary Salary Schedule

In previous reports I have pointed out the importance of salary increases in retaining the best teachers already in service and in inducing the right quality of material to enter the pro-

fession. The Berlin Board is to be commended in its action in this respect. Our schedule for elementary teachers was amended April 30, 1920, and is now as follows:

	Course	Course	“A”	Total	
First Year				\$1,000	Minimum
Second Year	\$25	\$25	\$ 50	1,100	
Third Year			100	1,200	
Summer School					
Fourth Year	\$50		100	1,350	
Fifth Year			50	1,400	Minimum

After receiving maximum 3 years. As Voted **Credit Maximum**

Principals of Buildings

4-room Buildings \$50	6-room Buildings \$75
8-room Buildings \$100	

Rating

“A” signifies satisfactory. No reelection required after the third year of service as long as “A” rating is maintained.

“B” signifies less satisfactory. Must come up for reelection.

“C” signifies unsatisfactory. Not eligible for reelection.

Dr. Ayres' Rating

In a recent report issued by the Russell Sage Foundation Dr. L. P. Ayres gives an interesting comparative study of the state school systems of the country. According to his rating Montana stands first, South Carolina fifty-second, New Hampshire thirtieth. This rating was obtained by averaging values assigned to 10 selected items thereby producing an “index number,” which number is given as the rating of the several states and territories. These items are as follows:

- 1 Per cent of school population attending school daily.
- 2 Average days attended by each child of school age.
- 3 Average number of days schools were kept open.
- 4 Per cent that high school attendance was of total attendance.
- 5 Per cent that boys were of girls in high schools.
- 6 Average annual expenditure per child attending.
- 7 Average annual expenditure per child of school age.
- 8 Average annual expenditure per teacher employed.
- 9 Expenditure per pupil for purposes other than teachers' salaries.
- 10 Expenditure per teacher for salaries.

These ten items as such have nothing to do with the professional side of education such as organization of schools, programs of study, methods of instruction, results of instruction or qualifications of teachers. The ratings are based entirely upon material considerations, considerations that can be definitely measured and for which the citizens, not the teachers of the respective states, are themselves responsible. New Hampshire's position of thirtieth in the list merely reflects the quality of the state's support of public education in 1918 rather than the quality of its public schools. However, one depends upon the other, as Dr. Ayres says:

"States, like individuals, purchase about what they pay for, not much more and not much less. It is not necessarily true that the effectiveness of a State school system this year is in proportion to its budget; but it is true that in the long run the excellence of the schools depends on the generosity and wisdom of the expenditures, and even merely on the size of the expenditures. You can not have good schools without paying money for them. And next to good teaching the most important adjuncts of the school system are good buildings, good equipment, sanitary structures, adequate facilities."

Dr. Ayres expressly warns against the application of these items to city school systems since data varies so greatly among cities as well as from year to year in the same city. Yet it is interesting at least to compute our own standing on this basis and note our rating compared with that of New Hampshire as a state. Figures used for Berlin are those of 1920.

Item	For New Hampshire	For Berlin
	1918	1920
1.....	53.20	92.81
2.....	46.25	83.39
3.....	87.00	88.00

54.37		74.64

Special Class

The special opportunity class organized two years ago for the benefit of pupils three years and more behind their grade was discontinued in June. Some pupils had developed and been transferred to regular grades, others left on becoming sixteen years of age. Doubtless another group will be ready for special attention in September and I recommend that plans be made to reopen the class at that time.

In Conclusion

The past few years have been lean years in school affairs. The struggle against teacher shortage, high costs and popular unrest has permitted little more than the keeping of school organizations complete and in action. There has been little new in building construction or program development. The peculiar sensitiveness of the public mind has resulted in an exaggeration of limitations which in many cases has tended to set back or even nullify the strongest efforts to correct the very limitations under criticism. Let me say here that the future holds no hope of constructive improvement in school administration until the people are willing again to return to a period of straight thinking and disinterested judgment and to apply the same principles of intelligent decision to school problems that they rightfully expect of the schools.

In conclusion I want to express my appreciation to the Board for the measure of support afforded me in my efforts to conduct the best possible schools for the children of the city.

Respectfully submitted,

H. L. MOORE,

Superintendent.

January 31, 1921.

Report of the Headmaster

Berlin, N. H., February 1, 1921. .

To Supt. Harry L. Moore:

I herewith submit to you my eighth annual report as headmaster of the Berlin High School.

The total registration for the school year ending June, 1920, was 395 pupils, 178 boys and 217 girls. Table I gives the registration in full. The total enrolment to date for the school year 1920-1921 is 427 pupils, 192 boys and 235 girls, indicated in full in Table II. Seven pupils who left school last year due to sickness and other causes have returned.

The registration of the class of 1925 for the school year 1920-1921 is as follows:

From the public schools 118, repeating the year 4 and from outside schools 12, a total of 134 pupils, 67 boys and 67 girls. Thirty-three pupils entered the class of 1924 from the St. Patrick's School. Ninety-four per cent of the pupils promoted from the seventh year entered the class of 1925.

In the class graduating in June, 1920, there were 62 pupils registered at the beginning of the school year 1919-1920. Two left school to go to work, two moved away and one failed to graduate. The remaining 57 pupils graduated or approximately 38 per cent of the pupils registered in the class of 1920.

The following shows in detail the total number of pupils of the class of 1920.

Total number of pupils entering school year 1916-1917 that graduated	41
Entered from outside schools and graduated.....	10
Entered from previous classes and graduated.....	6
Entered from previous classes and left school due to poor work	16
Entered from outside schools and left.....	11
Left school during the period of four years due to sickness, moving from city, etc.....	55
Lost class standing due to poor work and dropped out after several years	9
Lost class standing but still in school.....	2
Total number of pupils registered with class of 1920.....	150
Graduating, boys 17, girls 40, total.....	57
Per cent graduating.....	38

Out of 22 pupils that were promoted from the eighth year of the St. Patrick's School, 15 entered the class of 1920 of the Berlin High School in the fall of 1916, 3 left school and 12 pupils or 80 per cent graduated as compared with 68 per cent for the year 1918 and 41 per cent for the year 1919. Out of the 92 pupils that entered the class of 1920 from the public schools 29 pupils or 32 per cent graduated as compared with 33 per cent for the year 1918 and 29 per cent for the year 1919. Table III gives a full report of the loss of the different classes for the school year 1919-1920.

GRAND TOTAL..... 57

Table 4 gives a full report of the activities of the members of the Class of 1920 since graduation. 26 per cent entered colleges and training schools as compared with 36 per cent for 1919 and 21 per cent for 1918.

The program of the school activities for the school year 1919-1920 found in the appendix of this report indicates the type of work accomplished by the different school organizations. The School Bank shows that the Athletic Association has a balance of \$258.00. If the work in athletics that is now being carried on under the direction of an athletic instructor is to continue and become permanent it should be placed on a credit basis with the other subjects.

Respectfully submitted,

DANIEL W. MacLEAN,

Headmaster, Berlin High School.

The Appendix

ROLL OF HONOR

Attendance

Pupils neither absent nor tardy for the school year 1919-1920.
Figures indicate the number of successive years the pupils have had a place upon the Attendance Roll of Honor.

ANNUAL REPORT
OF THE
BOARD OF HEALTH
OF THE
CITY OF BERLIN, N. H.
FOR THE YEAR ENDING
JANUARY 31, 1921

Including Tenth Annual Report of Health Officer

OFFICE, CITY BUILDING

Health Department Organization

Board of Health

RODERICK BLACKBURN, Chairman.

Term expires April 1, 1921. Grafton Street. Telephone 416-22.

H. E. WILKINSON, M. D., Secretary.

Term expires April 1, 1922. 167 Washington St. Telephone 430-2.

ARCHIE LANDRY.

Term expires April 1, 1923. 356 School Street. Telephone 227-11.

L. W. WELLINGTON, Health Officer.

Appointed annually by the Board of Health, with the approval
of the City Council.

New Revere Hotel.

Office and Laboratory of the Department in the City Hall. Tel. 272.
Board of Health Office, City Hall. Open from 9:00 a. m. to 12:00
m. 1:30 to 5:00 p. m. daily except Saturday. Saturday 9:00 to
12:00 m.

Board of Health

REPORT OF THE BOARD OF HEALTH

Berlin, N. H., January 31, 1921.

To His Honor, the Mayor, and the City Council of the City of Berlin.

Gentlemen:

In the report of the Health Officer, hereinafter set forth, a notable increase in the amount of work done is shown. The laboratory of this department has accomplished more work than ever before and has thus been of great service to the community.

“The public health is purchasable and it is within the power of any community to determine its mortality and morbidity rate.”

We give not a second thought when it comes to a suitable expenditure for police and fire protection because the public has been educated to see the necessity of these civic needs. For 1920 this city spent \$28,000 for fire protection, or \$1.75 per capita, and \$25,000 for police, or \$1.56 per capita, but for an appropriation for the public health, to safeguard the health of the people \$4,500 was spent, or \$0.28 per capita.

In dollars and cents the estimated loss from fire was \$20,543, or \$1.28 per capita.

Berlin spent last year through voluntary welfare organizations about \$2,000 for the relief of the destitute and needy, or \$.12 per capita; the majority of this was because of sickness or death.

The following analysis from the report of a municipal health report will be found interesting:

“It is not possible to figure in dollars and cents the economic loss to the community as the result of sickness and death, but if you will but remember the havoc wrought to family, city, state and nation by the influenza epidemic you can understand what sickness means.

“It is a strange thing that when sickness or death visits a family there is an immediate response from every agency such as friends, social organizations, etc., for the sympathetic side of their nature has been aroused. Some of these same people would be the last to fall in line with a constructive health program of preventive medicine. They are not entirely to blame because they have not been educated to the need and importance of measures which would safeguard the health of themselves and children. In other words, as Carlyle has said, ‘The healthy know not of their health, but only the sick.’

“Some people think that all the Health Department is for is to pull out a dead cat that has died under a house, or to make some negligent neighbor clean up her chicken yard. We are even brought to task because roosters crow and goats baa. The loudness of the disturbing noise, and the odoriferousness of the place are taken as an index to the growth of their complaint.”

We respectfully recommend that for the coming year an appropriation of \$6,000 be made to be applied to the work of this department. This amounts to 37 cents per capita and is a small appropriation for public health.

Respectfully submitted,
Berlin Board of Health,
RODERICK BLACKBURN, Chairman.
DR. H. E. WILKINSON, Secretary.
A. LANDRY.

REPORT OF THE HEALTH OFFICER

Berlin, N. H., January 31, 1921.

To the Board of Health of the City of Berlin, N. H.
Gentlemen:

Herewith is submitted for your consideration the annual re

port of this department's activities for the year ending December 31, 1920.

The report is self-explanatory.

Laboratory Work

The work done in the laboratory of the department shows a large increase over that done in previous years. The variety of work that will be done upon request is as follows:

Chemical and bacteriological examination of milk.

Chemical and bacteriological examination of water.

Bacteriological examination of diphtheria swabs, pus samples, sputum, gonococcus smears.

Examination of foods to determine the more frequent adulterants.

The laboratory is for work applying to any phase of public health problems and all specimens submitted as such will be given complete attention. The laboratory is not for the benefit of individuals having problems not of a public nature. The Health Officer reserves the right to pass upon such questions.

The work done during the past year follows:

Milk Analysis

Samples of milk for bacteriological analysis.....	211
Number below standard.....	16
Percent below standard.....	7.5
Samples of milk for chemical analysis.....	201
Number below standard.....	20
Percent below standard.....	9.9
Number of dealers' licenses granted.....	50
Number of producers' licenses granted.....	66

The general condition of the milk supply has been very satisfactory during the past year. With a few exceptions, such as excess bacteria count due to improper cooling, and a very few instances of a high count due to dirt, the law has been very well complied with.

Consumers are cautioned against accepting milk that is warm. If at any time bottles or cans are warm to the touch, they should be rejected and this department notified.

Table I
Water Analysis

SOURCE	Total Number Samples	% Positive for Colon Bacilli 1 cc.	% Positive for Colon Bacilli 10 cc.	REMARKS
Berlin Water Co. General Public Supply	52	0.5	28.8	Good
Brown Company Sulphite Mill	57	5.2	75.4	Questionable
Brown Company Boston & Maine Spring	7	28.6	57.1	Questionable
"Green Acqueduct Spring"	2	100.0	100.0	Condemned
Abraham Abramson Spring	2	100.0	100.0	Condemned
Miscellaneous	153
Total	166			

The general condition of the water supply for the past year has been satisfactory. With a few exceptions the undiluted reservoir water was used. Only for a short time during the fall months was any river water used, and then only when filtered and properly chlorinated so as to render it safe for consumption.

Two springs which supplied water to only a few houses have been found highly contaminated and condemned.

A third has been condemned for drinking purposes and only the fact that the public supply has unavailable prevented it from being totally done away with.

With completion of the new Keene reservoir, holding twelve million gallons, the public supply is greatly enlarged and it is expected that no river water will be needed in coming years.

Tuberculosis

Number of sputums examined.....	92
Number positive for tuberele bacilli.....	11
Number negative for tuberele bacilli.....	81

During the past year the number of sputums examined for tuberele bacilli has shown a marked increase. The publicity given this disease by the work of the New Hampshire Tuberculosis Association through its clinic and nurse has caused more attention to be paid to its diagnosis. As a result many more sputums have been sent to the laboratory than any previous year. Also the fact that this laboratory is able to give a little quicker service than the one at Concord causes local physicians to make use of it.

Diphtheria

Number of cultures examined.....	4
Number of cultures negative.....	4

Gonococcus

Number of smears examined.....	2
Number of smears positive.....	1
Number of smears negative.....	1

Tuberculosis Clinic

The New Hampshire Tuberculosis Association with the funds obtained through subscription and the sale of Christmas seals, has held since May 1, 1920, fourteen pulmonary (lung) clinics for the diagnosis of tuberculosis.

The physician in charge of the clinic with the aid of the tuberculosis nurse, has examined two hundred twenty-two patients. Of these, many have been examined twice, and some a third time, bringing the total number of examinations up to four hundred nine. In other words, two hundred twenty-two people have attended fourteen clinics and one hundred ninety-one have come under the supervision of the physician and nurse. During this time the tuberculosis nurse has made eight hundred seventy visits to various homes in the community. All of these visits have been made without the aid of any conveyance whatever.

As a result of the examinations made at these clinics, there has been found eighty-three cases of tuberculosis in the various stages; sixty-three patients, who have been under supervision have shown during this period a marked improvement; due to sleeping out of doors, marked hygienic improvement, etc. Nineteen cases have become inactive. During this period, through these discoveries, eleven patients have been sent to the State Sanatorium at Glencliff.

During the coming year this work will extend over the whole county.

Report of the Tuberculosis Clinic

Held under the auspices of the New Hampshire Tuberculosis Association and the local Health Department.

Financed by the New Hampshire Tuberculosis Association.

Dr. John M. Wise, Glencliff, N. H., examining physician.

Miss Elizabeth McManus, R. N., visiting nurse.

Miss Elena M. Crough, field nurse of the association.

Contagious Diseases

Contagious diseases reported in nineteen twenty show a marked increase over the previous year. This does not mean that this department has been lax, but proves that more work has been accomplished in finding cases and having them reported.

The epidemic of measles which was experienced this fall added largely to the total of communicable diseases. At the outbreak of the epidemic strenuous efforts were made to keep it within control. It was soon found, however, that only a small proportion to the existing cases were seen by a physician or nurse; that none of these hidden cases were reported; that without the co-operation of the families containing this sickness, the proper control of the situation was impossible. A staff of four to six public health nurses working on the problem would soon

have the situation in hand. But having no such personnel, the work of taking all reports and recording them was the only course open to the department.

Scarlet fever, which for a year has been endemic in the city, is controlled and no cases have been reported for the last three months. The same difficulty was experienced in attempting to control this disease as in measles. Nearly all of the cases of scarlet fever which have been investigated have been of a mild form and many unseen by physicians or nurses. As a consequence the spread of it was inevitable. When a severe case developed from sources it was often reported and showed a new field in which it had been slowly spreading.

The tuberculosis clinic operated by the New Hampshire Tuberculosis Association and our department was responsible for reporting some ninety-three cases of tuberculosis, or many times the number hitherto reported in a year.

In reviewing the work accomplished by the department for the past year several facts should be noted.

Expenditures were nominal, merely being enough to maintain the work that was already under way. It was practically impossible to undertake any new projects. In fact some of the work was discontinued due to the sentiment that no funds should be expended for transportation. To my mind this saving has been unwarranted and the city could ill afford to do without a systematic inspection of dairies. However, it is hoped that during the coming year sufficient funds should be provided for carrying out this work.

An expenditure of twenty-eight cents per capita is wholly inadequate with which to carry out public health work on a comprehensive scale, and until the people realize this fact the city can hope to make but little headway in reducing its infant mortality or even crude death rate. Mild cases of infectious diseases cannot be discovered and controlled until nurses are provided to work along this line. While the infant mortality rate for this city is 97 deaths under one year per one thousand births, a figure about average, there are at present no prospects of it becoming very much less under the conditions. The infant mortality here should and can be reduced to sixty or thereabouts. It is a lamentable fact to consider that annually an economic loss of approximately one thousand dollars is needlessly shown, due to

preventable deaths among infants. This problem must be faced in the near future if the people of this city are to prove that as a community, they have its interests at heart.

It is gratifying to observe that the laboratory of the department is becoming of more use to the community every year and that even as an investment it is showing results. The fact that this laboratory is able to handle the more common problems and give quicker service than others, is an asset to the community.

Eventually the city will find it expedient to take over the tuberculosis work of the community. At present the work is being carried on by the New Hampshire Tuberculosis Association, a voluntary organization supported by funds solicited during campaigns. The city should appreciate the work against this disease and realize that even though the money for its support comes mostly from Coos County, the initiative of the association through its far-sightedness in organizing the system has placed a considerable obligation upon us.

This city cannot forever go on overlooking its inherent duties and failing to appreciate its responsibility to the people along public health lines.

I have previously urged that the city adopt an up-to-date sanitary code in order to concentrate under this department all phases of health enforcement measures. At present such enforcement is divided and somewhat confused with the State department. A modern sanitary code would make a much more comprehensive system for the regulation of nuisances, markets, groceries, food shops, abattoirs, and contagious diseases. A system of this kind would make a strict control over restaurants and bakeries possible and could provide for the periodical examination of food handlers. Now it is impossible to compel individual medical examination of restaurant and bakery employes without a well-founded suspicion, which is oftentimes lacking. Under existing conditions it is practically impossible to be assured that one's food is being prepared by healthy individuals. So long as no efficient means for the control of these conditions is at hand, so long will consumers be subject to questionable practices in the handling of food products. People remark upon becoming cognizant of certain conditions, that "the Health Department can handle that;" but these same citizens are astounded when told that such a procedure is beyond municipal authority and that even though it is clearly evident that the condition exists, there is

evidently a loophole which makes the proper control impossible.

It is obviously impossible for the State to properly control conditions as they should be controlled. Why then should the city sit by and attempt to dodge its responsibilities?

The foregoing recommendations are meant to be taken as suggestive criticisms in that every condition noted is remediable.

Respectfully submitted,

L. W. WELLINGTON,

Health Officer.

TWENTY-EIGHTH ANNUAL REPORT
OF THE TRUSTEES OF THE
PUBLIC LIBRARY
OF THE
CITY OF BERLIN, N. H.
FOR THE YEAR ENDING
JANUARY 31, 1921

ETHEL E. GOSS, Librarian
JULIA LAFFIN, Assistant Librarian

Report of Library Trustees

Berlin, N. H., February 1, 1921.

To His Honor, the Mayor, and the City Council of the City of Berlin.

Gentlemen:

The Board of Trustees of the Berlin Free Public Library herewith submit their twenty-eighth annual report, together with the Treasurer's statement and the Librarian's report.

The Board has been handicapped for several years by lack of funds, but the appropriation this year will enable the library to increase its facilities and the number of books available to readers.

Leading features of the work outlined for the coming year are closer co-operation with the schools and a campaign for Americanization. We hope to help in making good Americans out of foreigners and better Americans out of poor ones. Good books are a potent agency.

Miss Grace Kingsland, Secretary of the Public Library Commission, Concord, N. H., inspected our library in June and again on January 25th. Her visits have been very helpful.

The basement room formerly used for storage is being finished off and will be equipped for a reference room for school children. New books will be added as expedient.

The Librarian's report shows a decrease in the circulation and the number of borrowers for last year. No doubt this is due to the fact that no new books were put in circulation the first of the year. The plan now in use is to add new books each month. A new set of encyclopedia and some helpful reference books will be available in a few weeks.

Some books too badly worn to be in circulation and not of enough literary value to have rebound, and some old periodicals

of no value to the library, have been given to the Red Cross for distribution in camps and isolated homes.

Miss Ethel Goss was appointed Librarian in November to succeed Miss Lottie Kailey who resigned. Miss Kailey served the library very faithfully and acceptably for five years. Miss Agnes Mailman is Assistant Librarian and Miss Julia Laffin, Children's Librarian.

The Treasurer's report shows a substantial balance, but this is all apportioned for books, improvements and current expenses to June first.

Our appropriation is still below the average for cities of similar size, but the increase this year will enable the library to give better service and widen the scope of its activities.

We ask the co-operation of the public to this end.

Respectfully submitted,

CAROLINE GORDON BROWN,

KATE BARNEY McCRYSTLE,

GEORGE F. LOVETT,

Trustees.

Librarian's Report

To the Board of Trustees of the Free Public Library:

The 28th annual report of the library for the year ending December 31, 1920, is herewith submitted.

The report for the year indicates the following facts:

That the number of new borrowers has not increased as much as during the previous year.

The number of volumes circulated has not increased, as compared with the previous year. The probable cause of this condition is the small number of new books acquired during the year. Books are now being added monthly to the library collection, as an effort to meet the requirements of the reading public.

Cards explaining the classification of books, as to subject matter, shelf labels, and an entire rearrangement of books upon the shelves, have been used as a means of calling to the attention of the public the very good non-fiction resources of the library.

Thirty-five new volumes have been purchased to add to the revised list of books approved for special reading by high school students. The high school faculty has been asked to inform the Librarian of new books desired for reference or reading by the students.

Fourteen volumes of the best Russian literature, in the original Russian, have been put into circulation. A larger list of desirable books in French is now in preparation.

Patrons of the library have been requested to make known their preference in regard to new reading material. There have been some responses, but more are earnestly solicited.

We wish to express to the friends of the library our thanks for their interest, and for their gifts.

Respectfully submitted,

ETHEL E. GOSS,

Librarian.

SUMMARY FOR YEAR 1920

Number of volumes in circulation Dec. 31, 1920.....	10,790

Financial Reports

Municipal Regulations

For the Payment of all Bills Against the City

All bills against the city must be approved by the person authorizing the charges; and unless this is done no action can be taken upon the bill by the Committee on Accounts and Claims, and no order will be given for its payment. When bills are certified as to above, and left with the City Clerk not later than 12 m., on the Saturday preceding the first Tuesday of each month, they will be audited by the Committee on Accounts and Claims, and if approved by them and allowed by the Council, will be ready for payment on the following Thursday at the office of the City Treasurer.

Meetings of the Committee on Accounts and Claims are held on Monday preceding the first Tuesday of each month, and the regular meetings of the City Council are held on the first Tuesday of each month at 8 o'clock p. m.

Report of Finance Committee

Berlin, N. H., January 31, 1921.

To the Honorable Mayor and City Council.

Gentlemen:

The Committee on Finance hereby submits its report for the fiscal year ending January 31, 1921.

The Auditor's report, which is to be found elsewhere in this volume, gives a full and accurate statement of the financial affairs of the city, and we respectfully call your attention to the same.

Last year we were fortunate in securing a local auditor, who was at our disposal at all times.

We wish to call to the attention of the citizens of the city that bonds will have to be issued this year. Items: For a City Stable, Fire Station and Voting Place in Ward Three, also a Voting Place in Ward Four, and Cates Hill School House. These items should meet with the approval of our citizens.

A High School is much needed and ought to receive due consideration.

The Committee on Finance presents the following estimates of the amounts of money necessary to be raised for the ensuing year:

Bonds	\$ 32,000.00
Cemetery	500.00
City Hall	6,000.00
City Poor	2,000.00
County Tax (estimated).....	25,000.00
Election Expenses	1,500.00
Fire Department	23,000.00
Forest Fires	200.00
Free beds in St. Louis Hospital.....	900.00
Grand Army	200.00
Hydrants	4,500.00

Finance Committee.

Auditor's Report

Berlin, N. H., February 7, 1921.

To His Honor, the Mayor, and City Council of the City of Berlin,
N. H.:

I have examined the books and accounts of the Assessors, Tax Collectors, City Clerk, City Treasurer and Clerk of Court for the year ending January 31, 1921, and find them to be in good condition and correctly kept.

Assessors

Total taxes assessed as per inventory book \$491,430.53, which amount has been committed to the Tax Collector.
